**Standard Terms:** *If any discrepancy should occur between this loan description and the Loan Agreement, then the Loan Agreement will apply.*

**Loan Agreement:**<sup>1)</sup> The Loan Agreement will be entered into between the Issuer and the Trustee prior to Disbursement Date. The Loan Agreement regulates the bondholder's rights and obligations in relations with the issue. The Trustee enters into this agreement on behalf of the bondholders and is granted authority to act on behalf of the bondholders to the extent provided for in the Loan Agreement.

When bonds are subscribed/purchased, the bondholder has accepted the Loan Agreement and is bound by the terms of the Loan Agreement. If subscription is made prior to finalisation of the Loan Agreement, the subscriber is deemed to have granted authority to the Trustee to finalise the Loan Agreement. For tap issues, the Loan Agreement will apply for later issues made within the Borrowing Limit. The parties' rights and obligations are also valid for subsequent issued bonds within the Borrowing Limit.

**Open / Close:**<sup>3)4)</sup> Tap Issues will be opened on Disbursement Date and closed no later than five banking days before Maturity Date.

**Disbursement Date:**<sup>3)</sup> Payment of the First Tranche/Loan Amount takes place on the Disbursement Date. In case of late payment, a default interest rate of 8.75 % p.a. will accrue.

**Expansions – Tap Issues:**<sup>2)</sup> For Tap Issues the Issuer can increase the loan above the First Tranche/Loan Amount, before the initial Disbursement Date. For taps not falling on Interest Payment Dates, Accrued Interest will be calculated using standard market practice in the secondary bond market. The Issuer may apply for an increase of the Borrowing Limit.

**Issue price – Tap Issues:**<sup>11)</sup> Any taps under the Tap Issue will be made at market prices, and will fall under the regulations set out in "emisjonsforskriften av 20. desember 1996".

**Interest Determination Date:**<sup>7)</sup> 2 Business Days prior to Date of Interest Adjustment

<b>Interest Determination:</b> <sup>6)7)</sup>	<p>The regulation of the Interest Rate is effective from each Interest Payment Date. The new interest rate is determined on Interest Determination Date based on NIBOR with additional margin.</p> <p>Should NIBOR not be available, the interest rate is set based on NIBOR Reference Banks plus Margin. The new interest rate and the next interest term/period will be notified the bondholders in writing through the Securities Depository. The Trustee and Oslo Børs shall also be notified immediately.</p> <p>If any discrepancy should occur between the Issuer and the Trustee regarding change of reference screen, or if the interest rate is set in accordance with NIBOR-reference banks, the Issuer or the bondholders who represents minimum 1/10 of outstanding Loan may appeal against the Interest Determination. Such an appeal must be presented in writing to the Trustee no later than 20 Business days after the bondholders being informed of the interest rate. The appeal will be dealt with by a committee comprising three members, of which one representative is nominated by the Issuer, one representative is nominated by the Trustee and a chairman agreed by the representatives of the two parties. If the parties cannot agree upon a chairman, this person will be nominated by Lord Chief Justice of the City of Oslo Magistrates Court. The decision made by the committee is final.</p> <p>The notification of the complaint together with the final determination of the interest rate shall be forwarded to the bondholders through the Securities Depository. If a complaint is made, the current notification shall also be forwarded to Oslo Børs.</p>
<b>NIBOR – definition:</b> <sup>5)</sup>	<p>The interest rate, rounded to the nearest hundredth percentage points, for an equivalent time period as mentioned under NIBOR that is quoted on the Reuters page NIBR at 12 p.m. in Oslo on the Interest Determination Date.</p> <p>Should the content of the Reuters page NIBR be changed such that the quoted interest rate is not representing, according to the Trustee and the Issuer, the same interest rate as at the time of disbursement or if the page in question is removed from the Reuters system, another page on Reuters shall be used. A page from another electronic news agency that gives the same interest rate as Reuters' page NIBR did at disbursement date can also be used if the Trustee and the Issuer agree upon this.</p>
<b>NIBOR – reference banks:</b>	<p>The interest rate fixed on basis of the interest on deposits in the inter-bank market in Oslo quoted by the 4 largest authorised exchange banks in the Norwegian market at approximately 12 p.m. in Oslo on the Interest Determination Date for a period as mentioned in NIBOR that starts on the Interest Determination Date and is valid for a comparable amount. The Trustee shall ask the head office of each bank to quote such an interest rate. If two or more quotes are given, the interest rate shall be fixed to the arithmetic mean of the quotes. If less than two quotes are given, the interest rate shall be set to the arithmetic mean of the interest rates quoted by banks selected by the Trustee approximately 12 p.m. in Oslo on the Interest Determination Date for loans in NOK to leading banks in Europe for a time period as mentioned in NIBOR which starts on the date of which the interest rate is set valid for a comparable amount.
